

# ANDY HONG

Department of City & Metropolitan Planning, University of Utah  
375 S. 1530 E., Suite 220, Salt Lake City, Utah 84112  
[andyhong.org](http://andyhong.org) | [a.hong@utah.edu](mailto:a.hong@utah.edu) | [andyhong@gmail.com](mailto:andyhong@gmail.com)

## QUALIFICATIONS

---

Urban health researcher working at the nexus of urban planning and healthy community. Actively collaborating with researchers, policy makers, and community leaders to co-design and co-develop a place-based approach to creating a healthier and more resilient place for everyone across the life span.

## AREAS OF EXPERTISE

---

- Urban Planning
- Active Transportation
- Healthy Aging
- Community-engaged Research
- Healthy Mobility
- Urban Data Analytics

## EDUCATION

---

- University of Southern California** August 2016  
Ph.D. in Urban Planning & Development, Price School of Public Policy  
Dissertation Title: *Healthy Mobility: Untangling the relationships between the built environment, travel behavior, and environmental health*  
Marlon Boarnet (chair), Lisa Schweitzer, and Scott Fruin
- University of Washington** June 2011  
Master of Urban Planning, Department of Urban Design and Planning  
Master of Public Administration, Evans School of Public Policy and Governance
- University of Washington** June 2004  
B.S. in Informatics, Information School  
Minor in Geography (GIS), Department of Geography

## ACADEMIC APPOINTMENTS

---

- University of Utah**  
Director, Healthy Aging and Resilient Places Lab, College of Architecture + Planning 7/2021 - Present  
Assistant Professor, Department of City & Metropolitan Planning 7/2020 - Present
- University of Oxford** 9/2018 - 6/2020  
Lead Urban Health Scientist, Nuffield Department of Women's & Reproductive Health
- University of British Columbia** 8/2016 - 8/2018  
Postdoctoral Research & Teaching Fellow, School of Population & Public Health

## HONORARY AND VISITING APPOINTMENTS

---

- The George Institute for Global Health** 7/2020 - Present  
Honorary Fellow, Global Office, New Town, NSW, Australia
- University of Surrey** 5/2019 - 5/2020  
Visiting Fellow, Royal College of General Practice Research and Surveillance Centre

## OTHER PROFESSIONAL EXPERIENCE

---

- University of Southern California**  
*Research Fellow*, Price School of Public Policy, Los Angeles, CA 8/2015 - 8/2016  
*Research Assistant*, Price School of Public Policy, Los Angeles, CA 9/2011 - 8/2015  
*Data Analyst*, Program for Regional & Environmental Equity, Los Angeles, CA 6/2012 - 5/2013

**Korea Transport Institute***Junior Researcher*, Center for Bicycle Transportation Research, Ilsan, Korea

6/2009 - 9/2009

**Nelson\Nygaard Consulting Associates***Transportation Planning Intern*, Seattle Office, WA

1/2011 - 6/2011

**Republic of Korea Army***Intelligence Officer* (2nd Lieutenant), Operational Planning Division, FROKA, Korea

6/2007 - 6/2009

*Intelligence Officer* (1st Lieutenant), Office of the Commander, First Corps, Korea

3/2006 - 6/2007

**PUBLICATIONS**

---

**Peer-reviewed journal articles**

1. Hong, A., Baker, L., Prieto, R., Buswala, B., Guan, C., Ravindranath, D., Duminy, J. (In-press) Reconciling the gap between big data and thick data to advance the new urban science and smart city governance. *Journal of Urban Affairs*.

## TEACHING EXPERIENCE

---

### Main instructor

Spring 2022	CMP 6455 - Advanced GIS Applications (Graduate course: 20 Master students, 4 PhD students) Department of City & Metropolitan Planning, University of Utah
Spring 2022	CMP 7501 - Ph.D. Research Seminar (First and second year PhD students) Department of City & Metropolitan Planning, University of Utah
Fall 2021	CMP 4286 / 6280- Big Data in Transportation Workshop (Graduate course: 5 students) Department of City & Metropolitan Planning, University of Utah
Fall 2021	CMP 4010 - Field Studies in Urban Ecology I (Undergraduate course: 60 students) Department of City & Metropolitan Planning, University of Utah
Spring 2021	CMP 6455 - Advanced GIS Applications (Graduate course: 20 students) Department of City & Metropolitan Planning, University of Utah
Fall 2020	CMP 4010 - Field Studies in Urban Ecology I (Undergraduate course: 60 students) Department of City & Metropolitan Planning, University of Utah

Summer 2019 Urban Big Data Analytics, Big Data and New Technologies in Cities, Vancouver Summer Program (Undergraduate/graduate course: 50 students)  
Course website: [UrbanBigData.github.io](http://UrbanBigData.github.io)  
University of British Columbia

Summer 2018 Urban Big Data Analytics, Big Data and New Technologies in Cities, Vancouver Summer Program (Undergraduate course: 32 students)  
University of British Columbia

### Guest lecturer

Spring 2019 Making Healthy Cities. Spatial Dynamics of Urban China (Undergraduate course, New York University Shanghai)

Spring 2018 Site Design and Street Design Standards. PLAN 580: Introduction to Transportation Planning (Graduate course, University of British Columbia)

Spring 2018 Introduction of Healthy Cities. CCT481H5S: Augmented Places and Social Media Spaces (Undergraduate course, University of Toronto)

Fall 2017 Linking the Built Environment with Large Health Administrative Data, SPPH 502: Epidemiological Methods I (Graduate course, University of British Columbia)

Fall 2017 Introduction to Health and Built Environment, PLAN 579: Public Health, Transportation, and the Built Environment (Graduate course, University of British Columbia)

Spring 2017 Transportation Plan Making in Regional Scale, PLAN 580: Introduction to Urban Transportation Planning (Graduate course, University of British Columbia)

Fall 2016 Urbanization and Climate Change, GEOG 350: Introduction to Urban Geography (Graduate course, University of British Columbia)

### Teaching assistant

Spring 2014 PPD 557: Modeling and Operations Research (Graduate course, University of Southern California)

Fall 2012 PPD 533: Planning History and Urban Form (Graduate course, University of Southern California)

Fall 2012 PPD 524: Planning Theory (Graduate course, University of Southern California)

## STUDENT SUPERVISION AND MENTORSHIP EXPERIENCE

---

### Doctoral Student Supervision

Wookjae Yang (Ph.D Student), University of Utah 8/2021 - Present  
Role: Ph.D. Supervisory Committee

Junsik Kim (Ph.D Student), University of Utah 9/2020 - Present  
Role: Ph.D. Supervisory Committee

Hassan Ameli (Ph.D Candidate), University of Utah 9/2020 - Present  
Role: Ph.D. Supervisory Committee

Binay Adhikari (Ph.D), University of British Columbia 12/2016 - 3/2018  
(Current position: Geospatial Data Scientist, British Columbia Centre for Disease Control)  
Role: Co-Supervisor

Lili Shulman (All But Degree), University of British Columbia 12/2016 - 3/2018  
Role: Co-Supervisor

### Master Student Supervision

Jessie Welch-Stockton (Master of Social Work; Role: RA Supervisor), University of Utah	8/2021 - Present
Cassandra Serna (Master of City & Metropolitan Planning; Role: RA Supervisor), University of Utah	8/2021 - Present
Emma Jones (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2021 - Present
Tyler Torres (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2021 - Present
Jenna Benson (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2021 - Present
William Goodreid (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2021 - Present
Gordon Bennett (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2021 - Present
Rachel Stein (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2021 - Present
Matthew Lund (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2020 - Present
Madison Merrill (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2020 - Present
Cody Opperman (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2020 - Present
Evan Van Tassel (Master of City & Metropolitan Planning; Role: Faculty Advisor), University of Utah	8/2020 - Present

### Undergraduate Student Supervision

Tessa Vu (Bachelor of Science in Environmental & Sustainability Studies; Role: Honor's Thesis Supervisor), University of Utah	3/2021 - Present
Jaime Cross (Bachelor of Arts in Urban Ecology; Role: RA Supervisor), University of Utah	8/2021 - Present

## GRANTS

---

### Grants funded

PI, "Transportation for Seniors (T4S): Developing a New Accessibility Measure to Support Older Adults in a Post-Pandemic World," National Institute for Transportation and Communities (NITC), \$75,000	2021 - 2022
PI, "Healthy Aging and Resilient Places (HARP) Lab: Promoting Health and Resilience in Aging through Interdisciplinary Collaboration," Center on Aging, University of Utah, \$50,000	2021 - 2023

PI, “Systematic Review of Age-Friendly Environment Intervention Studies,” World Health Organization, \$23,083	2021 - 2021
Co-PI (PI: V. Greer), “From Sheltered in Place to Thriving in Place: Dimensions of Aging in the ‘Right’ Place during the Pandemic,” Scholarship Incentive Program, University of Utah, \$20,000	2021 - 2022
Collaborator (PI: S. He) “Low-Carbon Transport, Individual Wellbeing & Planetary Health in the Era of Smart Cities & New Mobilities,” Research Development Fund 2019, Worldwide Universities Network (WUN), UK, £10,000	2020 - 2021
PI, “Nature Sensing: An IoT approach to characterising biodiversity of green spaces for planetary health,” Connecting Capabilities Fund, Research England, UK, £49,840	2020 - 2021
PI, “Greenspace Hack: An IoT and crowdsource-enabled mobile app to design healthier and smarter green spaces,” Connecting Capabilities Fund, Research England, UK, £50,000	2019 - 2020
Collaborator (PI: L. Rosella), “Planning tools to inform interventions to reduce avoidable hospitalization and premature mortality in Canadian cities,” Canadian Institutes of Health Research, Canada, \$100,000	2019 - 2020
Co-PI (PI: L. Frank), “Developing a 2016 Built Environment/Walkability Surface for the Metro Vancouver Region,” Metro Vancouver and TransLink, British Columbia, Canada, \$85,000	2017 - 2018
Co-PI (PI: L. Frank), “The Health Impacts of Rail Transit Investment: Synthesis of Evidence and Methodologies to Date,” City of Vancouver, British Columbia, Canada, \$25,600	2017 - 2018
PI, “CitySensor: Development and Pilot Testing of Urban Environmental Sensor using Open-source Hardware and Software,” Research Enhancement Grant, USC Graduate School, US, \$35,000	2015 - 2016

## HONORS & AWARDS

---

Finalist, Rural and Environmental Research Award, American Public Health Association, San Diego, CA	2018
Healthy City Research “Think Tank” Travel Award, Canadian Research Institute of Health Research (CIHR), Toronto, ON, Canada	2017
Research Enhancement Fellowship, University of Southern California, Los Angeles, CA	2015
Association of Collegiate Schools of Planning PhD Workshop Scholarship, Boston, MA	2014
Conference Travel Scholarship, Association of Collegiate Schools of Planning, Cincinnati, OH	2012
APA University Student Projects Award, Washington Chapter of the American Planning Association and Planning Association of Washington, Portland, OR	2011
Certificate of Commendation, Commanding General, FROKA, Wonju, Korea	2009
Certificate of Recognition, Combat Service Support, 8th U.S. Army, Wonju, Korea	2008
Certificate of Commendation, Commanding General, 1st Corps, Republic of Korea Army, Korea	2007

Certificate of Commendation, Deputy Chief of Staff (G1-Personnel), Republic of Korea Army Headquarters, Korea	2007
Graduate student fellowship, Evans School of Public Policy and Governance, University of Washington, Seattle, WA	2005
NSF Integrative Graduate Education and Research Training (IGERT) scholarship in Urban Ecology, College of the Environment, University of Washington, Seattle, WA	2003

## PRESENTATIONS AND INVITED TALKS

---

### Scholarly Conferences

1. Hong A, Lee, C., Widener, M., Oviedo, D., Wang, X., Chrisinger, B., Planning for Healthy and Equitable Cities: International Perspectives, AESOP-ACSP Joint Roundtable Session at the 58th Annual Conference of the Association of Collegiate Schools of Planning (virtual). November, 2020.
2. Kang, Jae-Won, Hong Andy, Sung, Hyungun. Identifying the Moderating Impacts of Daily Use of ICTs between Quality of Life and Residential Walkability in Seoul. Presented at the 2019 International Conference Asia-Pacific Planning Societies (ICAPPS), Seoul, Korea, August, 2019.
3. Hong, Andy, Johnson, Emily, Frank, Lawrence. Beyond Home Environment: Combined effects of walkability at home and work on physical activity and sedentary behaviour. Presented at the International Society of Behavioral Nutrition and Physical Activity Conference, Prague, Czech. June, 2019.
4. Adhikari, Binay, Hong, Andy, Frank, Lawrence. Understanding travel behavior through changes in urban form, preference, and life events: A longitudinal study. Presented at the World Conference on Transport Research, Mumbai, India. May, 2019.
5. Frank, Lawrence, and Hong, Andy. Monetizing Health and Other Benefits of Transportation Investment and Policies. Presented at the Urban Transitions Conference, Sitges, Spain. November, 2018.
6. Iroz-Elardo N, Hong A, Devries D, Winters M, Brauer M, Frank LD. The health impacts of fixed-guideway transit investments: a systematic review and research agenda. Paper presented at the 58th Annual Conference of the Association of Collegiate Schools of Planning, Buffalo, NY. October, 2018.
7. Frank LD and Hong A, Monetizing health impacts of the built environment: Matching longitudinal health care utilization and cost with land use and transportation characteristics. Paper presented at the 58th Annual Conference of the Association of Collegiate Schools of Planning, Buffalo, NY. October, 2018.
8. Zou Z, Hong A, Chakrabarti S. Transit desirability: a novel market segmentation approach for predicting customer retention. Poster presented at the 58th Annual Conference of the Association of Collegiate Schools of Planning, Buffalo, NY. October, 2018.
9. Frank, Lawrence, and Hong, Andy. Monetizing Health Impacts of the Built Environment: Matching Longitudinal Health Care Utilization and Cost with Land Use and Transportation Characteristics. Paper scheduled for presentation at the NECTAR Cluster 7 workshop "Social and Health Issues", June 2018.
10. Hong, Andy, Kim, Byoungjun, and Widener, Michael. Noise and the City: Spatiotemporal relationship between development patterns and residential noise complaints. Paper presented at the North American Regional Science Council (NARSC) conference, Vancouver, BC. November 2017.
11. Hong, Andy, and Frank, Lawrence. Neighborhood walkability, driving time, and sedentary behavior among Canadian adults. Paper presented at the 57th Annual Conference of the Association of Collegiate Schools of Planning, Denver, CO. October, 2017.
12. Kim, Byoungjun, Hong, Andy, Widener, Michael. Noise and the City: Spatiotemporal relationship between development patterns and residential noise complaints. Paper presented at the 57th Annual Conference of the Association of Collegiate Schools of Planning, Denver, CO. October, 2017.
13. Hong, Andy, and Frank, Lawrence. Neighborhood green space, perceived safety, and social support among older adults: Results from the neighborhood quality of life study for seniors. Poster presented at the 57th Annual Conference of the Association of Collegiate Schools of Planning, Denver, CO. October, 2017.
14. Hong, Andy, Ratnam, S., Fruin, S. Effectiveness of temporary traffic ban as a local air pollution control measure: A natural experiment study. Paper presented at the 56th Annual Conference of the Association of Collegiate Schools of Planning, Portland, OR. November, 2016.

15. Hong, Andy. Commuter's paradox: Does switching to green transportation help us breathe clean air? Poster presented at the 56th Annual Conference of the Association of Collegiate Schools of Planning, Portland, OR. November, 2016.
16. Boarnet, Marlon G., Hong, Andy, Santiago-Bartolomei, Raul. Urban Spatial Structure, Employment Subcenters, and Freight Travel. Paper presented at the 55th Annual Meeting of the Western Regional Science Association, Big Island, HI. February, 2016.
17. Boarnet, Marlon G., Hong, Andy, Santiago-Bartolomei. Urban Spatial Structure, Employment Subcenters, and Freight Travel. Paper presented at the 95th Annual Meeting of the Transportation Research Board of the National Academies. Washington, DC. January, 2016.
18. Hong, Andy, Boarnet, M., Houston D. The impact of new light rail transit on physical activity: Quasi-experimental evidence from the Expo Line study. Paper presented at the 54th Annual Conference of the Association of Collegiate Schools of Planning, Philadelphia, PA. November, 2014.
19. Hong, Andy, Schweitzer L., Marr L., Yang W. The impact of temporary highway closure on air pollution: A lesson from Carmageddon in Los Angeles. Paper presented at the 52nd Annual Conference of the Association of Collegiate Schools of Planning, Cincinnati, OH. November, 2012.
20. Kim, D., Park, JiYoung, Hong, Andy. The role of destination on active travel in Long Beach, California: A nested logit modeling approach. Paper presented at the 52nd Annual Conference of the Association of Collegiate Schools of Planning, Cincinnati, OH. November, 2012.
21. Hong, Andy and Bae, C.-H C. Bicyclists' exposure to air pollution in Seattle: A hybrid analysis using personal monitoring and land use regression. Paper presented at the 91st Annual Meeting of the Transportation Research Board of the National Academies. Washington, DC. January, 2012.
22. Bae, C.-H C. and Hong, Andy. Bicyclists' exposure to air pollution: Seattle and Seoul compared, Paper presented at the 51st Annual Conference of the Association of Collegiate Schools of Planning, Salt Lake City, UT. October, 2011.
23. Bae, C.-H C. and Hong, Andy, Larson, T. V. Measuring bicyclists' exposure to black carbon emissions: The case of Seattle, Washington, Paper presented at the 50th Annual Meeting of the Western Regional Science Association, Monterey, CA. March, 2011.
24. Shin, H. C. and Hong, Andy. Infrastructure for sustainable transportation: implementation of nonmotorized transport in Korea, Paper presented at the East West Center Korea Transport Institute Conference, Honolulu, HI, August. 2009.

### **Invited talks, seminars, panels**

1. Building Healthy Cities through Nature-based Solutions. HY-GRIP Seminar. Graduate School of Urban Studies, Hanyang University, Jan., 2022.
2. Towards Healthy Cities: The Role of Green Space. Ph.D. Seminar. Department of City & Metropolitan Planning, University of Utah, Oct., 2021.
3. Green Healthy City Research: Crowdsourcing App Development. Department of Urban Design and Studies, Chung-Ang University, Korea, Nov., 2020.
4. Healthy Cities and Green Space: From Garden City to Healthy New Towns, Healthy City Forum, Healthy New Town Research Consortium, Korea, Nov., 2020.
5. Healthy Mobility Research: A Natural Experimental Approach, Green Transportation Research Group, Korea Planning Association, Oct., 2020.
6. Making Sense of the Connection between Transportation and Health: A Natural Experimental Approach, Department of City & Metropolitan Planning, University of Utah, Oct., 2020.
7. Neighbourhood green space and health in Cali, Colombia, PEAK Urban Research, Centre on Migration, Policy and Society (COMPAS), University of Oxford, May., 2020.
8. Healthy Cities from the Bottom Up: A Human-centred Approach to Urban and Transport Planning, The Centre for Diet & Activity Research, MRC Epidemiology Unit, University of Cambridge, Mar., 2020. Video recording available at: [www.mrc-epid.cam.ac.uk/event/seminar-dr-andy-hong](http://www.mrc-epid.cam.ac.uk/event/seminar-dr-andy-hong)

9. Urban Green Spaces and Wellbeing, Global Centre on Healthcare and Urbanisation, Kellogg College, University of Oxford, Mar., 2020. Video recording available at: [www.kellogg.ox.ac.uk/news/urban-green-spaces-and-wellbeing-watch-the-film](http://www.kellogg.ox.ac.uk/news/urban-green-spaces-and-wellbeing-watch-the-film)
10. Impact Plan for the Research on Greens Space and Health, Planning for Impact in International Development Research Projects, Oxford University. Nov., 2019.
11. 'Prevention is Better than Cure:' Assessing the Public Health Implications of Urban Land Use Decisions, World Car Free Day London Summit, Sep., 2019.
12. Health and Place: Understanding Exposure and Behaviour Pathways, Leverhulme Centre for Demographic Science, Oxford University, Jun., 2019.
13. Turning Data into Action: A Data-driven Approach to Building Healthier and Smarter Cities. UCL The Bartlett Centre for Advanced Spatial Analysis, Mar., 2019
14. Roadway Closure: Implications for Urban Air Quality Management. Nature, Health and Built Environment (NHBE), St. Catherine's College, Oxford University. Feb., 2019.
15. From Sensing to Big Data: A Data-driven Approach to Addressing Environmental Health Inequalities, University of North Carolina at Charlotte, Jan., 2019.
16. Smart Cities for Health: Using Crowd-sourced 'Big Data' to Tackle Noise Pollution in a Rapidly Growing City. Young Scholar Society, Korea Planning Association, Seoul. Aug., 2018.
17. Leveraging Crowd-sourced Data to Tackle Noise Pollution in a Rapidly Growing City. Korea Institute of Science and Technology (KIST), Seoul. Aug., 2018.
18. Healthy Cities: Towards Building Healthier and Smarter Communities through Urban Planning and Technology. Univ. of Toronto, Mississauga, ON. Feb., 2018.
19. Building Healthier Communities through Urban Planning and Technology. OEH Seminar, School of Population and Public Health, Univ. of British Columbia, Vancouver, BC. Feb., 2018.
20. Does Switching to Green Transportation Help Us Breathe Cleaner Air? SCARP Research Conversation, School of Community and Regional Planning, Univ. of British Columbia, Vancouver, BC. Apr., 2017.
21. New Light Rail Transit and Active Travel: A Longitudinal Study. Civil Engineering Transportation Seminar. Univ. of British Columbia, Vancouver, BC. Nov., 2016.
22. Commuter's Paradox: Does Switching from Car to Light Rail Help Us Breathe Clean Air? Southern California Association of Governments. Los Angeles, CA. Jul., 2016.
23. Healthy Mobility: Untangling the Relationships between the Built Environment, Travel Behavior, and Environmental Health, Central Washington University, Seattle, WA. Feb. 2016.
24. Healthy Transportation: Integrated Framework for Understanding the Link between Transportation, Physical Activity, and Air Pollution, Korea Transport Institute, Korea. Jul., 2014.
25. Can Light Rail Increase Neighborhood Physical Activity? METTRANS research seminar, Univ. of Southern California. Los Angeles, CA. May., 2014.
26. Measuring Bicyclists' Exposure to Traffic Emissions: An Application of Mobile Monitoring, Southern California Association of Governments. Los Angeles, CA. Nov., 2011.

## LEADERSHIP, SERVICE & COMMUNITY ENGAGEMENT

---

### Academic leadership

Executive Board Member, Academy of Urban Health, Korea	2022 - present
Co-founder, Healthy City Futures, Department of City and Metropolitan Planning, University of Utah ( <a href="https://twitter.com/healthycityfutr">twitter.com/healthycityfutr</a> )	2018 - present
Member, Planetary Health Network, School of Population and Public Health, University of British Columbia	2018 - present
Member, Healthy City Research Think Tank, Canadian Institute of Health Research (CIHR), Canada	2017 - present

Member, Neighborhood Factor Team, Canadian Urban Environmental Health Research Consortium (CANUE), Canada 2016 - present

Member, British Columbia Healthy Built Environment Alliance 2016 - present

**Academic service**

Review editor for: 2021 - present  
Frontiers in Sustainable Cities

Referee for: 2013 - present  
American Journal of Preventive Medicine  
American Journal of Public Health  
Environment and Planning B  
Journal of Planning and Education Research  
Environment International  
Travel Behavior and Society  
Transport Policy  
Journal of Transport Geography  
Urban Forestry & Urban Greening

## Community service and engagement

Member of the Policy Subcommittee, Active Transportation Policy Council, City of Vancouver, British Columbia, Canada	2017 - 2018
Founding member, Price Transportation Group, USC METRANS Transportation Center, Los Angeles, CA	2015 - 2016
GPSS Representative, Student Transportation Task Force, Graduate and Professional Student Senate, University of Washington, Seattle, WA	2010 - 2011
Member, Seattle Innovators (non-profit), Seattle, WA	2009 - 2011

## PROFESSIONAL MEMBERSHIPS

---

Association of Collegiate Schools of Planning  
American Planning Association  
American Association of Geographers  
Royal Geographical Society  
European Association of Geographers  
American Public Health Association  
International Society of Behavioral Nutrition and Physical Activity  
Active Living Research  
International Society of Exposure Science  
International Society for Environmental Epidemiology  
Association of Information Science and Technology  
Association of Pedestrian and Bicycle Professionals  
Transportation Research Board

## INNOVATION & ENTREPRENEURSHIP

---

- Greenspace Hack: A collaborative project with local governments aiming at developing a crowdsourcing-enabled smartphone app with multiple choice items and free text based on understanding and usability of green space. ([pitch-in.ac.uk/projects/greenspace-hack](https://pitch-in.ac.uk/projects/greenspace-hack))
- CitySensor: An interdisciplinary project to develop a mobile environmental monitoring platform using Arduino (open-source prototyping platform) and commercially available air pollution and meteorology monitoring devices. ([andyhong.org/innovations](http://andyhong.org/innovations))
- BikePed Analytics: A collaboration with UCLA and Placemeter™ to apply and validate computer-vision technology to detect and quantify pedestrians, bicyclists, and vehicles using real-time video feeds from IP cameras and CCTV cameras. ([andyhong.org/innovations](http://andyhong.org/innovations))

## SKILLS & TOOLS

---

<b>Statistical programming</b>	R (lme4, plyr, ggplot2), Python (SciPy, NumPy, scikit-learn), Stata, SAS
<b>Spatial analysis</b>	ArcGIS (model builder, network analyst), QGIS, CartoDB, MapBox, Leaflet.js
<b>Databases</b>	MySQL, PostgreSQL, Google BigQuery, Amazon Web Services (AWS)
<b>Data visualization</b>	Tableau, Story Maps, Photoshop, Sketch-up, JavaScript (D3.js, Plotly.js), R (shiny)
<b>Language</b>	Bilingual (English-Korean)

*Last updated March 2022*
